PROFESSIONAL EXPERIENCE

Smith and Howard – Senior Talent & Operations Specialist | March 2025 – October 2025

- Managed end-to-end employee lifecycle operations including onboarding, internal transfers, promotions, compensation revisions, leave administration, exits and HR documentation while ensuring complete compliance and process accuracy.
- Handled Leave of Absence (LOA), attendance management and timesheet management activities for employees across multiple business functions while maintaining SLA adherence and operational efficiency.
- Acted as the primary escalation point for complex HR operational issues, HR case management queries and employee concerns by coordinating with payroll, finance, IT and leadership teams.
- Supported talent acquisition and recruitment coordination activities including interview scheduling, candidate tracking, onboarding documentation and stakeholder communication.
- Monitored service delivery metrics, turnaround times and operational KPIs while driving corrective actions to improve employee experience and process efficiency.
- Created and maintained SOPs, HR operational documentation and governance frameworks to standardise workflows and improve compliance readiness.

- Partnered with senior stakeholders to support workforce planning, organisational restructuring and employee movement processes.
- Led continuous improvement initiatives and supported automation efforts that reduced manual intervention and improved operational accuracy.

Diversified – Senior Talent Management Specialist | Aug 2024 – Feb 2025

- Supported employee lifecycle operations with focus on talent processes, internal mobility and organisational workforce planning.
- Partnered with HRBPs and leadership teams to identify workforce risks, succession planning requirements and future hiring needs.
- Managed onboarding and employee movement activities while ensuring smooth coordination between HR, payroll and business teams.
- Analysed people data, attrition trends and performance insights to support strategic HR decision-making.
- Contributed towards HR process standardisation, reporting improvements and service delivery enhancements across business functions.

Walmart – Senior HR Operations Analyst | April 2022 – June 2024

- Delivered high-volume HR operations support for large employee populations within a global matrix organisation while ensuring operational excellence and compliance.
- Managed end-to-end Joiners, Movers and Leavers (JML) activities including onboarding, transfers, promotions, exits, leave management and employee data maintenance.
- Handled Leave of Absence (LOA), absence tracking, attendance management and timesheet management processes while ensuring adherence to company policies and payroll timelines.
- Managed HR case management activities by resolving employee queries, handling escalations and partnering with HRBPs, managers and employees to provide timely resolutions.
- Collaborated with payroll, benefits, compliance, IT and finance teams to ensure seamless processing of employee lifecycle events and workforce transactions.
- Monitored HR operational KPIs, SLA metrics and reporting dashboards to proactively identify process gaps, operational risks and improvement opportunities.
- Supported automation initiatives and HR system enhancements within Workday and ServiceNow to reduce manual processing and improve operational accuracy.
- Prepared detailed HR reports covering headcount, attendance trends, attrition, leave utilisation and operational performance insights.
- Supported audits, compliance reviews and governance checks by maintaining accurate employee records, documentation and policy adherence.

Regalix – HR Analyst | March 2021 – April 2022

- Supported HR Business Partners with recruitment coordination, onboarding, employee movement and HR operational activities.
- Maintained employee records, HR systems and documentation with strong focus on data accuracy and compliance.
- Coordinated onboarding formalities, induction schedules and employee documentation for new joiners.
- Supported employee query resolution, HR reporting and audit preparation activities.

EDUCATION

M.Sc. – Montfort College (2022)

B.A. – Christ University (2021)
