SUMMARY

To secure a responsible position in a reputable organization where I can contribute my skills, learn new things, and grow both professionally and personally.

WORK EXPERIENCE

Application Support Executive — Kevell Global Solutions

June 2025 – Present

Handled day-to-day support for internal and external users across multiple applications. Most of the work involved diagnosing access problems, resolving functional queries, and escalating edge cases where needed.

- Experienced in IT Administration with expertise in troubleshooting technical issues on Windows platforms.
- Experienced in compliance log activities, report generation.
- Handling calls for Tele support assistant regarding the product.
- Managed configuration change requests — updating user roles, adjusting settings, enabling features — based on requirements raised by business teams.
- Carried out manual testing of new features before they went live, including writing test cases, executing them, and logging defects with clear reproduction steps.

Client Service Executive — Lords and Kings Agro Pvt. Ltd

August 2024 – May 2025

Served as the first point of contact for client escalations and service delivery coordination. The role required staying on top of multiple client accounts while keeping internal teams aligned on commitments.

- Managed inbound client complaints and service issues, working to turn around resolutions quickly without letting things drag.
- Built working relationships with clients across different account types, checking in proactively rather than waiting for issues to surface.

- Coordinated between sales, technical support, and operations to make sure client deliverables moved through the pipeline on time.
- Tracked service level agreements across accounts and flagged risks early so they could be addressed before becoming escalations.
- Prepared service reports and maintained client interaction logs, which helped with handoffs and gave management visibility into account health.

EDUCATION

Bachelor of Computer Application (BCA)

Sudharsan College of Arts and Science, Pudukkottai | Passed: 2021 | Score: 75%

Higher Secondary Certificate (12th Grade)

Vidyal Matriculation Higher Secondary School | Passed: 2017 | Score: 63%

Secondary School Certificate (10th Grade)

Nehru Matriculation Higher Secondary School | Passed: 2015 | Score: 84%

TECHNICAL & TESTING SKILLS

- Manual Testing — writing test cases from scratch, executing them, and logging defects with detailed reproduction steps.
- Selenium WebDriver — recording and running automation scripts; familiar with XPath-based element identification and basic debugging.
- SQL — writing straightforward queries for data lookup, validation, and bug verification; comfortable with SELECT, JOIN, and WHERE clauses.

CORE STRENGTHS

- Strong communicator — able to explain technical problems clearly to non-technical stakeholders and vice versa.
- Reliable under pressure — comfortable handling multiple open issues simultaneously while keeping track of priorities.
- Quick learner — picked up SQL, Selenium basics, and new business applications on the job with minimal formal training.

CERTIFICATION

Software Testing Certification — Q-Spiders, Chennai (August 2023 – July 2024)

Covered: Test Life Cycle, Manual Testing Techniques, Test Case Design, Defect Reporting, Selenium WebDriver, XPath, and Automation Fundamentals.
